

Vacuum Trucks Available for Hire

VACUUM EXCAVATION TRUCKS

Make and Model: Mitsubishi Fuso Fighter 2427 Truck with 8,000L Vermeer McLaughlin VSK 2000 HD/XT

Year: 2013

Number Available: 1

Truck Specification (2013):

- Mitsubishi Fuso Fighter 2427 Truck
- Fitted with an IVMS monitoring system
- Full mine pec. (reversing squawker, fire extinguisher, UHF/VHF radio, E-stops, battery isolators, first aid kit)
- Additional mounted tool boxes

Vacuum Excavation Specification (2013):

- Truck mounted **High Vacuum 8,360L** debris tank with hydraulic opened rear door with push button
- Hydraulic overhead extension boom
- Wireless remote control
- Spoil capacity 8,360L
- Water capacity 3,501L
- 1200 CFM capability
- 99 HP water cooled Diesel Kubota engine
- Produce 15 inches of mercury (.5079 bar)
- Jet wash work rate, 21.2l/min @ 3000Psi
- All required attachments
- Battery isolators
- E-stops
- Additional tool boxes fitted

VACUUM EXCAVATION TRUCKS

Make and Model: Isuzu FVZ 1400-Long Truck with 8,000L Vermeer
McLaughlin VSK 2000 HD/XT

Year: 2013

Number Available: 1

Truck Specification (2013):

- Isuzu FVZ 1400-Long Truck
- Fitted with an IVMS monitoring system
- Full mine pec. (reversing squawker, fire extinguisher, UHF/VHF radio, E-stops, battery isolators, first aid kit)
- Additional mounted tool boxes
